## ABOUT US...

### Vision

Our vision is educating with passion and pursuing excellence in each student through innovative pedagogical techniques and a cooperative environment that promotes knowledge construction, critical thinking, problem-solving and global collaboration.

### Philosophy

Christian Nazarene Academy is a private education institution that began as a missionary work of the Iglesia del Nazareno Vida Abundante in Levittown, Toa Baja. Being so, it is grounded on Christian principles.

### We believe:

- That every person is created by God with particular competences, talents, interests, and needs.
- Each student should feel loved, respected and valued
- That throughout the years, each person develops holistically; where physical, emotional, intellectual, social and spiritual facets of a person should all be nourished equally.

Every day we do our best to provide a nourishing environment so that each student can become a critical thinker, a problem solver, and a global collaborator capable of knowledge construction and innovation in an ever-changing world.
